

ISDS Registrations Costs 2023

It will not have escaped everyone's attention that there have been significant increases in the costs of everything in the last 12 - 14 months. The Trustees have managed to avoid an increase in Membership costs at this time, being mindful of the additional financial strains already placed on members' finances. However, it has been agreed by Council that there should be a rise in the prices associated with registrations related work. These price increases are necessary to make sure that income keeps pace with the overheads of running the Society and member services. With only one increase in the cost of a pup registration in the last 5 years or more, it is necessary to amend the price of services now. The increases are still below the current rate of inflation in an effort to not raise prices significantly. The new prices listed below will come into effect on the 1st June with the start of the new financial year. All work received before the 31st May will be at the current rate, work received from the 1st June will be at the rates below:

MATING CARDS

Fees from 1 June 2023

Owners of dogs (sire) to submit a Mating Card and a fee:

Within 42 days of the mating taking place	£14
