Registered Charity No. 209009

The Society permits the use of only one, simple working name for a registered dog (e.g. Ben or Maid). However, breeders may apply for the exclusive use of a prefix or suffix that may optionally be added to the working name of any pups they register.

The prefix or suffix name applied for should be of no more than 20 characters. It should ideally be a proper noun such as a farm or town. (e.g. Highwood or Chester) that may be hyphenated (e.g. Nanty-Bai). However, if necessary, it may comprise up to two words only (e.g. Longtree) although the two words must not enclose the dogs name. The name should be appropriate to a working dog and fancy, or inappropriate terms are not acceptable (e.g. Chocolate, Pretty, Madonna).

Prepositions (small words) (e.g. a; of; the; to) may not be part of the name. Nor may a possessive name (apostrophe + s) be used (e.g. Spencer's). Non-English names are fully acceptable, providing they follow above guidance, and non-English characters can be included but these will have to be available in the normal ASCII character set.

Finally, the name will be checked against names currently registered and will be rejected if it is too similar.

The prefix or suffix is for the exclusive use of the owner for his or her lifetime and may be transferred only by written will of the owner upon their death and by further payment of the current application fee.

Once approved, you will be contacted for payment, and then receive an A5 size, vellum certificate and receipt for the fee will be sent around ten days after approval.
